

OUR VISION

Empowering  
the next  
generation  
of learners,  
thinkers,  
and leaders.

EXPLORE TODAY, IMPACT TOMORROW

# PATHWAYS 2022

OUR MISSION

To provide an  
innovative,  
collaborative,  
and engaging  
learning  
environment  
that promotes  
a community  
of life-long  
learners.

# VALUES AND BELIEFS

## we value

**SAFETY** and are committed to the health and well-being of our school community.

We believe a nurturing and respectful environment promotes independence, self-confidence, and social awareness.

We believe in fostering a safe environment supported by community, partnerships, crisis preparedness, and well-maintained facilities.

**UNITY** as the cohesive force that brings people together with a common educational vision.

We believe coordinated planning, action, and progress monitoring heighten goal attainment.

We believe sharing experiences and celebrating success builds pride and high expectations.

**COLLABORATION** whereby all members of an inclusive school community work together toward a common purpose.

We believe effective communication nurtures relationships built on trust and respect.

We believe sharing perspectives, research, and data yields focused solutions and greater achievement.

**CITIZENSHIP** as the cornerstone for building strong productive communities.

We believe meaningful community service enriches the learning experience, teaches civic responsibility, and strengthens communities.

We believe global awareness contributes to a more peaceful, tolerant, and inclusive world.

**EXPLORATION** for the purpose of discovery, investigation, and examination.

We believe active learning inspires creativity, innovation, and critical thinking.

We believe examining your skills, interests, and strengths supports college and career readiness.

**ENGAGEMENT** that fosters behavioral, emotional, and cognitive involvement in academic activities.

We believe that engagement encourages self-motivation, persistence, and personal fulfillment.

We believe personalized and real-world learning experiences meet individual learner's needs.

**DIVERSITY** and the uniqueness of each individual.

We believe embracing diverse backgrounds, values, and perspectives builds a strong, inclusive community.

We believe equitable access to programs and practices enables all students to thrive.

## GOAL 1 TEACHING AND LEARNING

Provide high quality, rigorous learning opportunities that promote innovative and personalized pathways for college and career readiness.

- Profile of a Graduate
- Digital Conversion
- Professional Development
- Student Achievement
